

How to Download Dateline Ringtones

(For iPhones and Android devices)

The screenshot displays the SoundCloud profile for 'DatelineNBC'. The profile header includes the SoundCloud logo, navigation links (Home, Explore), a search bar, and user options (Sign in or Sign up, Upload, Settings). The profile picture is a 'Dateline' logo with a cityscape. Below the profile picture, it shows 'DatelineNBC' with 84 followers and 24 tracks. A 'Follow' button and a 'Share' button are present, along with the website 'datelineNBC.com'. The main content area lists several tracks, including 'Keith and Josh Ringtones' (10 mins) and 'Josh: "It's your mother." IPHONE Ringtone' (15 mins). Each track has a waveform visualization and a play button. A playlist titled 'DatelineNBC Keith and Josh Ringtones' is also visible. On the right side, there is a 'HEY HEY' SoundCloud promotion banner and a 'Go mobile' section with links to the App Store and Google Play. The footer contains links for Legal, Privacy, Cookies, and Imprint.

(See Below for separate instructions for iTunes and Android devices)

FOR iPhone:

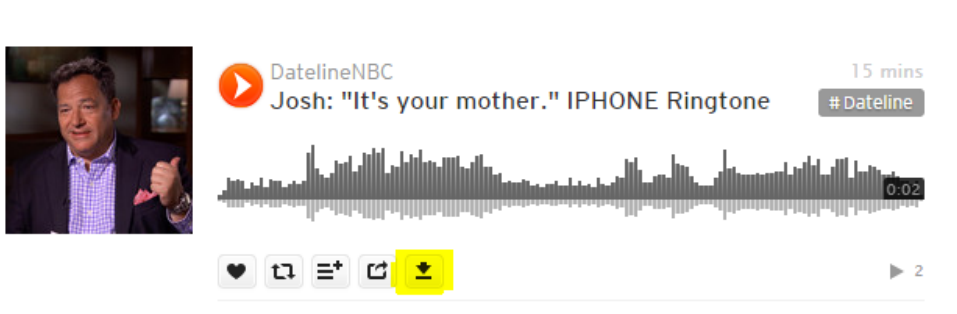

1. Connect device to computer
2. iTunes should automatically open, if not open iTunes manually

3. In iTunes library go into tones

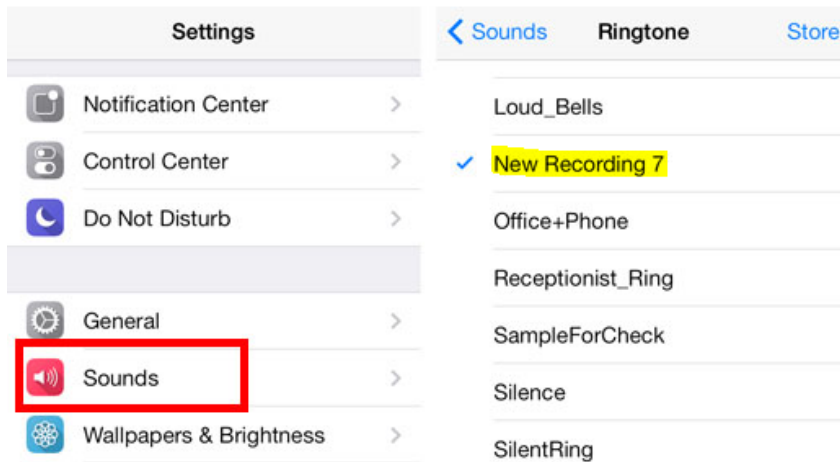

STOP: THEN....

4. Open internet browser and go to soundcloud.com/datelinenbc
5. Select Ringtone of choice with description: **IPHONE Ringtone**
6. Click on Download button (looks like arrow pointing down, highlighted below)

7. Ringtone should automatically start downloading to our downloads folder or wherever you designate to
8. To get download into iTunes:
 - a. Open download, it should automatically open in MY TONES inside iTunes
 - b. If it does not automatically open inside MY TONES in iTunes:
 - In iTunes, go to File → Add file to Library → Click on Ringtone (in your DOWNLOADS folder)
9. Sync all tones to iPhone (*make sure you are in "on my device"*)
10. Disconnect device from computer

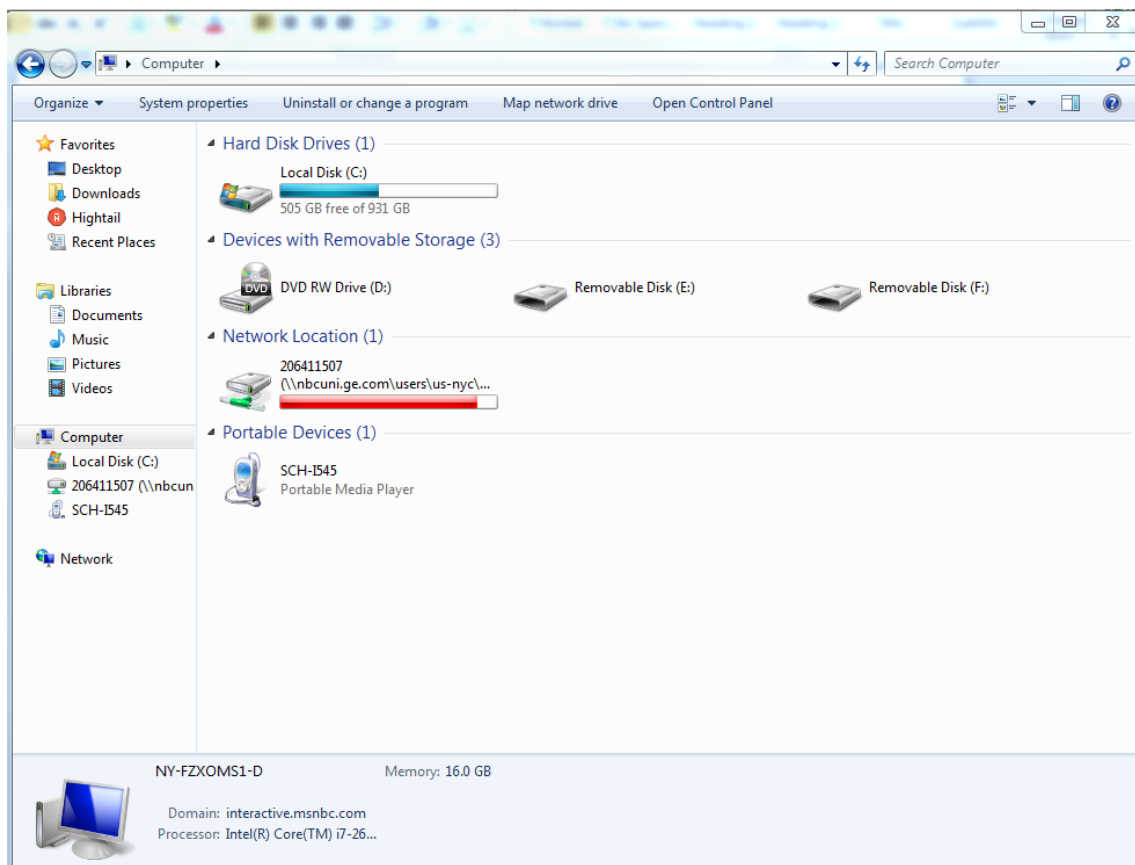

11. From home screen go to SETTINGS → SOUNDS → RINGTONE
12. Select ringtone you want for either a specific person OR for your general ringtone

13. Happy calling!

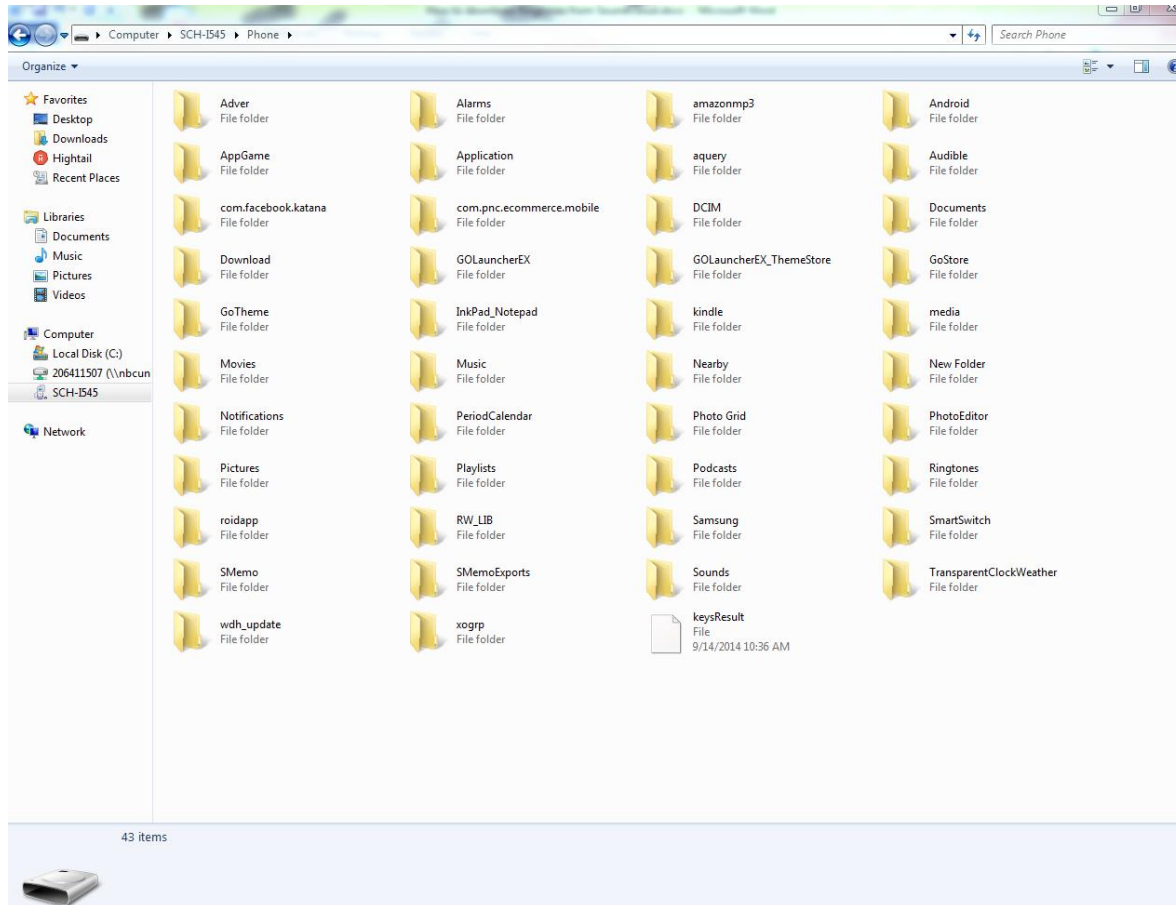

FOR ANDROID DEVICES:

1. Connect device's memory to computer
2. Open the file folder for your device: My Computer → Android

THEN...

3. Find your "Ringtones" Folder. If there isn't one, right click and create new folder labeled: ringtones
- 4.

5. Open your internet browser and head to soundcloud.com/datelineNBC
6. Select Ringtone of choice with description: **ANDROID Ringtone**

7. Click on Download button (looks like arrow pointing down, highlighted above).
8. Ringtone should automatically start downloading to either your downloads folder or wherever you designate
9. Drag ringtone file from computer into Ringtones folder on your Android
10. Disconnect device from computer
11. From home screen, navigate to your 'Settings' folder → Click 'My Device' → Click 'Sounds' → 'Ringtones'
12. Select ringtone you want for either a specific person OR for your general ringtone
13. If you don't see the ringtone just added, restart your phone
14. Happy calling!
